

HERE'S the POINT

By SPENCE HELD

Two guys were spreadeagling a queer-looking creature for the benefit of a photographer. Just then a pistol shot rang out. "He shot the bat ray!" shouted a boy.

Well, not quite. The 92-pound bat ray, a white-bellied specimen with an almost human face, had been dragged up the beach a few minutes before by a triumphant spearfisherman. The pistol was fired into the air by a timer to signalize the end of the four-hour underwater spearfishing meet at La Jolla Sunday.

This was probably the most unique event I ever witnessed. Seven skindiving clubs competed for prizes, and they came up with the oddest denizens you'd want to see.

In fact, the skindivers themselves were something. There wasn't much skin in evidence but the fantastic figures that emerged from the depths had it all over the characters in the current Hollywood version of Jules Verne's 20,000 Leagues Under the Sea.

They were green or black rubber "frogmen's" suits complete with face plates and whatnot. When a guy grounded his paddleboard on the beach and waded ashore, his giant duck-feet went flap, flap, flap on the sand.

Some used spear-guns and some just spears. They brought in everything from lobster to octopus, including abalone, eels, cabazon, bass, sheepshead, sculpin, halibut and shark.

A least one guy had a sting ray on his board. It came alive on the beach and made a few vicious passes at him.

Offshore, an occasional whale could be seen kicking up spray as it cruised southward.

Nobody speared a whale, apparently.

Neil Morgan had an item in the Tribune the other day about a rewrite man who was receiving over the phone an eyewitness account of the big Hillcrest fire. He heard a sputtering and then his connection went dead.

"Telephone officials confirmed he'd actually heard a telephone cable being burned out."

Reminds me of the time we routed our Tijuana correspondent out of bed at dawn—he lived in San Ysidro—and informed him that certain matters in Tijuana required his attention.

Yeah, a mob of about 1000 men and women had stormed the "bastille"—the massive police headquarters and jail—in an unsuccessful attempt to lynch the soldier-slayer of a little girl. They burned the jail and then set fire to the federal building.

Our correspondent cornered a telephone across the street and I caught his call in the office. He was describing the burning building when suddenly I heard a staccato rattle of explosions in my ear.

"What's all the racket?" I asked. "The soldier just arrived," he said. "They're shooting at the mob. Hey, some bullets whistled past my ear. They almost hit me!"

The mob answered the rifle fire with pistol shots but soon broke and ran, leaving a dozen wounded writhing in the street. One man died during the night. Later, the soldier-slayer of the little girl was taken to a cemetery on the hill and liquidated by a firing squad. That cooled off the populace.

Boys Are Needed For De Molay Band, Drill Team

Boys from 14 to 18 who can play the drums and other instruments are wanted for a De Molay Band, now being organized, according to Steve Sulek, advisor for Point Loma Chapter, Order of De Molay.

A drill team also is being formed to participate in parades and other civic and social affairs.

"The Point Loma Chapter of De Molay is the fastest growing chapter in San Diego," said Sulek. "It received a gold medal award for membership for the year 1954."

Boys interested in the band or drill team are asked to call Sulek at AC-3-3726.

He explained that De Molay is "a non-sectarian character-building organization for boys, run by boys with the advice of men whose standards the boys admire and whose advice they appreciate. These men are known as the Advisory Council."

"Their skills in business, and civic and social knowledge help guide the boys in running the business affairs of the chapter. In so doing, the boys gain confidence in themselves through accomplishing the tasks they undertake."

San Diego High Defeats Lomans

Point Loma High School's varsity basketball team fought hard but was defeated, 41 to 34, by San Diego High in the Point-er gym Tuesday night.

San Diego led 24-8 at the half but the Lomans rang up 19 points in the fourth period to seven for the visitors, who, it must be admitted, substituted freely.

Billy Harvey led the locals in scoring with eight points. Steve Aldridge registered six and Frank Rogers five.

Point Loma's "B" team defeated San Diego, 65-54.

Last Friday night Mission Bay High outscored the Pointer varsity, 38-24, in a game in the La Jolla gym. Rogers tossed in nine points for the locals.

Rogers and Harvey are the only returning lettermen on this year's team. As the season advances, the Pointers are expected to develop into a smooth-working outfit. Their competitive spirit is good.

They are scheduled to play La Jolla High there Friday night.

PLENTY OF BOWLING ACTION REPORTED HERE LAST WEEK

Jim Martes' 235 high individual game for Team No. 1 in the "Wednes Mixed" circuit at Ocean Beach Bowl captured the spotlight in Peninsula kegler circles last week. This is the highest individual game score of the season in this league.

Despite this individual feat by Martes, Team No. 1 remains in fourth place in the league. Angler's Bait and Tackle quintet leads with 53 wins and 19 losses while Vallano's Cafe stands second with 44 and 28, three games ahead of Blue Pacific. This league rolls on Wednesdays.

Team No. 2 and Sunset Market share second place with 39-29 records while Tony's Cafe stands fourth with 37 wins and 31 losses. The sign gives the club's address on Bacon St. and shows it is a member of the National Federation of Women's Clubs.

Lutheran Church Announces Its New Pastor

A new pastor, the Rev. Robert Frederick Zittlau, will fill the pulpit at Bethany Lutheran Church, Sunset Cliffs Blvd. at Cape May Ave., preaching his first sermon Sunday, Jan. 30.

He comes to Ocean Beach from North Park, where he served as assistant pastor of Grace Lutheran Church. A native of Milwaukee, he was vicar at Christ Lutheran Church, Peoria, Ill., before coming to California.

The Rev. Zittlau will conduct Matins, a brief midweek devotion for Bethany Lutheran School children and their families, each Wednesday at 9 a.m.

With his wife, Marjorie, and year-old son, he will move into the parsonage at 4813 Cape May Ave. next week. Volunteer workers have redecorated the three-bedroom home.

Official installation is to be held Sunday, Jan. 23 at 7:30 p.m., followed by a reception. Residents of the community are invited to greet the new pastor at that time.

22-29; Team No. 5, 17-34; and Team No. 1, 10-41.

Elm's Clothiers also scattered the maples for the week's high game and series of 927 and 2582. Among individual bowlers, Dick Scott of Home Appliance rolled the top individual game of 231 while Jack Feyler, Team No. 6, rolled the high series of 564.

ABC Bowling Supply retained first place in the Mixed Trio battle, two games ahead of the Beach Combers, after last Thursday night's matches had been staged. Their closest contenders were the Mad Caps and Tro Fiends with 19-9 and 19-13 records, respectively.

The ABC quintet also bowled the week's top game and series scores of 470 and 1366. William Wright of Team No. 7 rolled the high individual game of 209 and Bill Bockmyer, ABC, solved the lanes for the top series of 508.

750 Scratch League
In the 750 Scratch league, which sees action on Fridays, Kraft Drug remained far ahead of Hudson Concrete and Team No. 5, which share second place with 281-191 records. Kraft Drug has won 37 and lost 11.

Practical Cleaners thrust themselves into the race by rolling the high team game and series of 865 and 2311 last week. Ariel Schmidt led this club with 164. But Bill Lee of Team No. 7 rolled the top individual game of 232 while Earl Pfau, Team No. 5, scattered the tenpins for the top individual series of 541.

Thar She Blows; Moby Dick Off Point Loma

By ADALINE DUDLEY

Proving that San Diego's current top tourist attraction is whale watching, more than 20,000 persons traveled out to Cabrillo National Monument last week-end to see these huge gray mammals on their annual migration southward.

By actual count, 6,203 cars visited the site Saturday and Sunday, said Don Robinson, Monument superintendent. To and from the whale observatory, probably the only one in the world, fascinated whale watchers streamed all day to take their turns at the binoculars.

They heard the story of the gray whale from Dr. Ted Walker, assistant director of Marine Research at Scripps Institution of Oceanography at La Jolla, who is a week-end staff member at the Monument during whale season.

The whale migration is receiving nationwide publicity. While registering in the Old Spanish Lighthouse Saturday, a woman from Denver told of reading the story in a newspaper and grabbing a plane for San Diego to see her first whale. Inquiries from as far away as the Azores have been received, Robinson said.

They Count 'Em
Since the first whale was sighted on his way to the lagoons of Baja California 707 have been counted to date this season. Last year 850 were counted for the whole season. For Saturday alone Dr. Walker counted 60.

"The best time to see them is between noon and 3 p.m.," said Robinson. "They swim in close to shore to rub off kelp and barnacles and to avoid the killer whales."

These whales, now gradually increasing in number, are the remnant of a once greater herd that was destroyed by whalers. Today they are protected by the International Whaling Agreement. They calve and breed in the southern waters. In the spring they swim north to their summer feeding grounds in the Western Bering Sea.

The idea of a whale observatory at Cabrillo National Monument was conceived by Robinson who set it up in a small concrete chamber which was used as a fire control bunker during the war. From here or from the cliff and with the aid of binoculars, visitors may watch the whales leap from the water, cavort and show off in general.

Gray whales range in length from 35 to 45 feet. They are a dark gray, mottled with large blotches of white and gray. They weigh on the average of a ton per foot.

Sport Fishermen Haul In Bonito And Yellowtail

First real taste of winter failed to slow up deep sea fishing in the least, and early this week San Diego rod and reelers were making good catches of yellowtail and bonito at the Rock Pile, sending hopes for another record year soaring higher and higher.

After getting off to an amazing start on New Year's Day, fishing picked up steadily in spite of several stormy days, and anglers were convinced that all that was needed to bring fishing right up to the peak was the return of balmy weather.

Most of the yellows taken during the week were caught right near the kelp, and losses ran extremely high. However, a few rod and reelers bagged as many as three, and an anglerette, Alma Collins, 4655 Adair, topped the entire list when she took five.

In addition to good action on yellows, anglers had their inings with bonito, and all hands took full limits last Saturday. At the same time, bottom fishermen loaded up on red cod and groupers. Ocean Beach and Point Loma anglers who took their share included: O. F. Meyer, Harold Hanson, Don Childs, Fred Mathews and Jack Anderson.

CAMP FIRE GIRLS TO START PEANUT SALE HERE SATURDAY

Sometime Saturday, doorbells will start ringing at homes in the Peninsula area, signaling the opening of the big annual Camp Fire Girls peanut sale when nearly 2500 Blue Birds and Camp Fire Girls throughout San Diego county go into the peanut business.

Mrs. Edith F. Reich Dies Sunday; Resident 30 Years

Mrs. Edith F. Reich, a resident of Ocean Beach for over 30 years, died Sunday following a long illness.

Services will be held Friday morning at 10 o'clock at Trinity Episcopal Church, Ocean Beach. The Rev. John R. Nicholson, vicar, will read the service. Cremation will follow. It has been suggested that in lieu of flowers friends contribute to the Edith Ferry Reich Memorial Fund at Trinity Episcopal Church.

Mrs. Reich was born Oct. 25, 1886, in Santa Fe, N. M. She moved to Ocean Beach with her son, Jack, after the death of her husband in Trinidad, Colorado, in the spring of 1924. She bought two small cottages at 4721 Newport Ave., where she lived until her death Sunday.

Hundreds of Ocean Beach children were taught music by Mrs. Reich, who instructed in piano and mandolin until illness confined her to her home in the spring of 1954. The "shingle" she put up more than 30 years ago in front of her early home still hangs there.

Ms. Reich was a life member of the Ocean Beach Woman's Club and had been an active member of Trinity Episcopal Church, since 1924.

She is survived by her son Jack, who arrived here from his home in Anchorage, Alaska, Tuesday; two sisters, Zoela I. Hickox, and Urna B. Hult, of Ocean Beach; a nephew, Bradford Turley, Parris, Calif.; three nieces, Mrs. C. L. Carr, Ocean Beach; Mrs. Everett Wrage, Aurora, Minn.; Mrs. Charles Wright, San Francisco; and two grandchildren, Jack and Marjane Reich of Anchorage.

Construction of Groin Urged by Moose Lodge

Ocean Beach Lodge 1755, Loyal Order of Moose, Monday night adopted a resolution urging the City Council to take immediate action toward construction of a rock groin to hold in place the sand to be dumped on the local beach. This sand will be dredged from Mission Bay Channel.

Governor Dave Noel of the Moose Lodge announced the resolution was adopted at a membership meeting. Action was taken by unanimous vote.

It will be signed by Noel and Secretary Paul Thomas and sent to the Council this week. Copies will be forwarded to the other Moose lodges in San Diego County for action by their members.

Charles Freeman, former secretary of the Ocean Beach Chamber of Commerce, and trustee of the local Moose lodge, expressed satisfaction with its action. "The lodge," he said, "is concerned with youth activities and is anxious to have the local beach properly developed and maintained as a youth recreation area."

Meanwhile, preliminary work was under way for dredging the Mission Bay Channel. The Standard Dredging Corp. of Los Angeles, has been awarded a contract.

Tom Drake, 1954 chairman of the Ocean Beach Chamber of Commerce Beach Improvement Committee, recently sent a letter to the City Council urging that construction of a rock groin in the vicinity of the foot of Saratoga Ave., be expedited. The Chamber itself urged such a groin last September.

The U. S. Beach Erosion Board is expected to recommend a groin.

CHEST BUDGET GROUP MEETS WITH AGENCIES

Representatives of all Red Feather services are meeting this week with the volunteer Budget Committee of the Community Chest in the first steps toward dividing funds raised in the Second United Success Drive.

Under chairmanship of B. F. Cogan, some 40 community leaders are conducting a line by line review of budgets requested by health and welfare services in an effort to reduce requests to fit funds available.

As sub-committees started their work, Cogan told members that "you have a dual responsibility to the agencies which must provide services to this community, and to the whole community which has contributed the money and will use the services."

Available to agencies and causes is \$1,116,128. Requests total \$1,425,743, Cogan said. He also pointed out that three new agencies will share in the additional funds available.

Sub-committees will report to the general committee later this month, Cogan said, to arrive at a final recommendation to the board of the Chest.

Chairmen of sub-committees include: John Cranston, Counseling services; John D. Thompson, Jr., Group Work and Recreation; Hiram G. Dillin, Group Work and Recreation II; A. J. Gillette, Health services; James C. Haugh, Institutions; Robert O. Peterson, Neighborhood services; Kenneth A. Nairne, Miscellaneous.

Mrs. Hazel Masters, a past president, will install the following new officers: Mrs. Mary Bement, president; Mrs. Ann Mellison, vice-president; Mrs. Beryl Wilhoit, secretary; Mrs. Mary Campbell, treasurer; and Mrs. Hazel Allen, historian. New directors for the year are Mrs.

Lois Wood, Mrs. Esther Knopff and Mrs. Jean Swan.

Mrs. Alice Lancaster and Mrs. Doris Voss will be in charge of decorations for the Jan. 18 meeting.

UNION PICKETS CAB COMPANY

AFL Teamsters Union pickets appeared yesterday in front of the ABC Cab Co. office at 5049 Newport Ave., and at its taxi stand in the 4900 block.

They carried signs saying "We invite employees of the ABC Cab Co. to join Teamsters Local 481."

Perry Black, of the cab company, said: "None of our drivers want to join the union. It appears that some downtown syndicate cab company, that has a contract with the union, is trying to push us around and force us out of business."

(One of his drivers, asked, said he didn't want to join the union.)

Jim Barham, business representative of Local 481, said: "We've talked with Black on three occasions, trying to negotiate a union contract for his drivers. This company and one in La Jolla are the only non-union Cab companies in San Diego."

A field almost forgotten by Dick and Jackie Kelley has been rediscovered and is bringing not only contentment to them, but to their many audiences. Fifteen years ago they toured schools in San Francisco and northern California cities, with their mitten puppets. Today they are again in much demand and

only since Fall has this activity become public.

Their specialty is modernizing fairy tales and the current is "Puss 'N Boots." Dick writes the scripts, builds the scenes, Jackie, handy with the needle finds her art comes, in right smart. The puppets must be tailored to fit either hand of either adult. "Puss 'N Boots" has eleven characters in four scenes. They have been in demand with clubs, schools, organizations and churches.

Registration Renewals Due Before Feb. 4

The Department of Motor Vehicles reminds motorists that the annual renewal of vehicle registrations is due for 1955 on or before Friday, February 4. The fastest service may be obtained by submitting fees with the prepared statement to owners from Sacramento in December.

Persons who do not receive a mailed reminder are nevertheless responsible for renewal of their registrations, and are advised to submit their fees with the 1954 white registration slip.

The new prepared statements issued by the Department for the first time this year to 5,000,000 auto owners, after two years of testing with 1,000,000 truck and trailer registrations, contain data describing the vehicle and identifying the owner. A stub at the right end of the card must be filled in with the owner's name and address, legibly printed or typed, before presenting at a Motor Vehicle office. The cards should not be folded or stapled, as they are used for machine tabulations.

The stub, after payment of fees, is returned to the motorist for display in the vehicle, and a single 1955 tab is issued for attachment to the rear plate.

"REBEL DRAWL" CARD FETE
Members of the Mary V. Beyer Navy Wives' Club No. 96, will hold a "Rebel Drawl" card party

party Tuesday from 1 p.m. to 3 p.m. in the auditorium of Independence Housing, 3355 Buckmaster Drive. All proceeds will go to the March of Dimes. Any one who can "muster" up a drawl is urged to attend. Refreshments and nursery care will be provided.

British Pianist Set For San Diego

One of the acknowledged world giants of the keyboard will delight San Diego music lovers on Friday evening, January 28, when the distinguished British pianist Solomon makes his second appearance in Russ Auditorium.

Solomon is known to critics as the pianist who plays all composers the way they should be played, a designation he does not accept as praise.

His scope of playing includes Brahms, Chopin, Haydn, Mozart, Debussy, Schubert, Schumann and Liszt. Each he plays with equal favor and devotion to its musical and emotional identity.

For his program in San Diego, Solomon has selected the Bach Italian Concerto, Brahms' exciting Two Intermezzi and Rhapsody B Minor Op. 79 No. 1, the Beethoven Sonata D Minor Op. 31 No. 2, Chopin's Fantasia F Minor, Nocturne B flat Minor and Scherzo B Minor.

Tickets for the concert are available at the Palmer Office.

Telephone man gets 20-year service pin from air line. Since 1931, Pacific Telephone Switchboard Installer Jim Bailey, left, has worked on most every telephone job at United Air Lines' San Francisco office. The people there say they've become so used to Jim's good work and quick smile that they think of him as one of their group. As a result, they recently awarded him one of their 20-year employees' service pins. We believe Jim's pretty typical of all telephone installers. For your "Telephone Man" works to do the best possible job, to bring you the good low-cost service you like . . . and does it with a smile. Pacific Telephone works to make your telephone a bigger value every day.

Ibsen Topic Of Clarke Lecture

In his sixty-sixth public lecture in San Diego, John Robert Clarke will explore the life and ideas of Norway's greatest "theatrical question-asker" and dramatist, in the lecture "Ibsen and the Price of Illusion," eight o'clock Tuesday evening, January 18, at House of Hospitality, Balboa Park.

Observing that in the 19th century Europe Ibsen was hated as "a kind of Socrates of the footlights," Clarke will consider how the famed Norwegian came to be an explorer of human contradictions in the theatre.

In its fifth winter series, "Adventures in Living" lectures argue history versus television as a means of stimulation of the present. All lectures are open to the public and are followed by coffee and discussion.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Some readers ask meaning of current wrangles in Washington.

Unfortunately, big metropolitan headlines give impression words of Sen. Wm. Knowland, (R. Calif.) various McCarthy hearings, other great Constitution Avenue

C. W. Harder

Situation can probably best be explained as the 20th century Indian revolt. For over 22 years American people have been asked, as Indians a century ago, to leave everything to Great White Father in Washington.

It is significant in recent national poll of National Federation of Independent Business members voted 72% to require both House and Senate to approve treaties and agreements.

From this a sensation seeking headline writer could conclude majority of small businessmen are anti-administration.

But analysis establishes vote is not against any particular personality, but against the entire Great White Father idea. This revolt, started in second Roosevelt term, was dropped due to war emergencies, revived in second Truman term, was supposed to win in 1952 election.

While much is made of apparent mistakes of Yalta, other conferences, many feel Congress made the big mistake by abdicate its power to permit small groups to wield such authority.

© National Federation of Independent Business

But early in this administration Sen. Bricker's (R., Ohio) amendment to make sure Congress would pass on all foreign agreements was defeated by administration pressure. In last session, doughty Rep. Daniel Reed (R., N. Y.) led successful fight to limit tariff busting powers of reciprocal trade treaty law.

The Great White Father idea has always been repugnant to Americans nurtured in New England town hall tradition of free and open discussion of all issues. The Great White Father myth even wore thin with Indians as evidenced by activities of Gerónimo and feathered chieftains who gathered one tragic day on the Little Big Horn.

Rightly or wrongly, average American clings to belief he and his neighbors can thresh out solutions to problems far superior to anything dreamed up by any "Super Beings" wigwagged on the Potomac's banks. And he resents his Congressman informing him his ideas are not valid because they don't jibe with administration policies, regardless of who administration may be.

Thus, basic issue today is whether Jeffersonian principles of democracy will be restored, or whether U. S. Republic will continue embracing theories espoused by Plato in ancient Greece that superior intellects should have the power to make all decisions without consent of people's directly elected representatives; in fact even deprived of knowing facts at any time by simple issuance of an executive order.

Thus, hue and cry is largely over whether Congress should be a rubber stamp, or repository of the power and glory of the American people. It is most momentous issue to ever face nation.

O. B. Juniors' Rummage Sale Set January 22

A Rummage Sale is planned for Saturday, January 22, by the Ocean Beach Junior Woman's Club. The sale will be held in the clubhouse on Muir and Bacon streets and will consist mainly of clothing donated by the members. The hours will be from 9:00 a.m. to 5:00 p.m.

The Juniors will hold their regular meeting in the clubhouse on Monday, January 17. A program of music by the Department of music of California Western University is planned for the evening. Hostesses for the meeting will be Mrs. Jack Hampton, Mrs. George Schweiger and Mrs. Fred Seaborg.

Ocean Beach PTA Box Supper Set

Members of the Ocean Beach PTA will hold an old fashioned Box Supper and square dance in the Ocean Beach Elementary school on Saturday, January 22 at 6 p.m. Those attending are urged to pack a box supper for two. The following is a portion of the invitation sent to friends and members.

As to dress or male attire. Its very casual, matey. Don't dress to set the world on fire. Er we uns will shorely hate the. So pack a box'n lock yer locks. Yer absence would offend us. 'Cause now y a know that this here note.

FIELD TRIPS. Walls of the modern classroom stretch to include the entire community as a learning laboratory. Recent field trips by Cabrillo School classes include: Mrs. Hobbs' first grade, bakery, and Miss Neely's third grade, main post office. Communication studies now in progress in Mr. Calhoun's sixth grade will be enriched by the trip which they are planning to a newspaper.

MULLING WITH MULLER
By Edna M. Muller

Ever notice how the family group always seems much closer and dearer around the Christmas and New Year holiday season? The pleased and warm feeling we get watching them busily opening and exchanging over gifts? It's during these moments, I think, when we become a little pensive and remember the blessings we've enjoyed in the year down by, and thoughtful of the new year to come. But most of all Christmas, I believe, induces the desire to live closer to God. That wish might well top our list of New Year's resolutions!

Because Henry J. Taylor has built such a vast listening audience in his tenth year of broadcasting concise, accurate and authoritative picture of events happening at home and abroad, many of you readers may want to know that he is now on a new network, NBC, the same time, 8:00 p.m. (EST). His weekly coast-to-coast newscasts have become such an outstanding radio feature that a change in networks was made to give the program even a wider potential audience and more national coverage.

HEALTH FOR ALL

USE WITH CAUTION

Modern drugs have saved thousands of lives, have saved many thousands from crippling and long-drawn-out illness. But doctors warn that they must be used with the greatest caution.

Science has made us valuable gifts in these drugs which fight infections of many kinds, but we must recognize that there can be uncomfortable and sometimes very serious side effects. About four or five per cent of people who are given antibiotics have allergic skin reactions such as hives, or other outbreaks. Taken by mouth in the form of lozenges, some of the drugs cause unpleasant conditions inside the mouth. Other occasional reactions are itching, burning sensations, failure of muscular coordination, deafness, nausea, vomiting, cramps, diarrhea, and even severe shock.

Most of these reactions can be prevented by proper use of the drugs. Different ones require different methods. It is of the utmost importance to follow the doctor's orders exactly. Instructions which may sound unimportant to you—such as taking a drug before instead of after meals, taking it with milk or orange juice or sodium bicarbonate, drinking lots of fluid—these are carefully planned to protect you. If unexpected symptoms develop, the doctor will want to know immediately so that he can check them before they become serious.

Another important precaution is to destroy any drugs left over after an illness. Those lozenges the doctor prescribed last fall for Jimmy's sore throat might be wrong for your throat. The doctor decides what drug or combination of drugs you need on the basis of a careful diagnosis of your condition.

You drive your car cautiously because you know that the powerful engine is potentially dangerous. Drugs which can kill or check infection in the human body are, in their way, just as powerful. They can do wonderful work for us, if we use them cautiously.

Starkey Jr., Peter Burnham, Stewart R. Fox, A. Paul Sutherland, Peter Peckham, Kenneth H. Jacobson, Ken-

neth Golden, Charles Shafer, Baron C. Whitney and Milton G. Messrs. George and Arthur Jessop are now in New York, choosing from the royal treasury, which jewels are to be shown this year. A different portion of the royal treasure is to be shown this year.

Mrs. Woods A. Caperton, Jr., ticket chairman, announces that all tickets will be the same price, and there will be no reservations. Mmes. E. Gartzmann, Gould, Walter G. Albrecht, Ronald Abernathy, and Gene Trepte are assisting Mrs. Caperton with the tickets.
